Awakening the Best: Developing A Blessing-Magnet Mind

Comfort Zones - Bob Riggs

“Many of us have established a comfort zone in our lives. We’re just coasting along taking the path of least resistance, and just getting by. This is a very common and understandable attitude. We’ve all worked hard to get where we are and it may seem a good place to be. The problem with this is that once we stop reaching, stretching, seeking and risking, we actually stop growing. The comfort zone frame of mind is settling for what we are TODAY. That may be fine today, but without continued growth, WE ARE NOW ALL WE ARE EVER GOING TO BE. If you’re in a comfort zone, beware - the danger of a comfort zone is that it doesn’t hurt, and it may even feel good” -

Bob Riggs, Southern California

Awakening the Best Me: Developing A Blessing Mind-Set

Breaking Comfort Zones

What You Fail To Master Will Eventually Master You

It may be mind-sets of lack; contentment with poverty or a fear of success.

Prosperity Is Simply A Decision

Today's decisions (seeds of thought), equal tomorrow's harvest

What You Fail To Pursue, You Fail To Possess

Prosperity has to become intentional

You Can Only Change...What You Refuse To Tolerate

Refuse to accept less than, lack, failure and poverty

Awakening the Wealthy: Developing A Money Magnet Mind

Begin With The End In Mind

Every journey begins with an end destination as its goal. When it comes to “***Awakening the Wealthy***” within you, it can be no different. In order to get where you want to go; you must determine - Where You Are - today!

An important question to answer is...Where are you financially? But an even more important question to answer is...When it comes to money; and financial wealth, what do you think about it?

Ask yourself; ***How do I view myself and money?***

If you ever hope to reach the place of wealth and financial freedom, It is imperative to determine, **RIGHT NOW**, where you are concerning your reservations about being wealthy. . Be completely honest with yourself!

Solomon wrote...”As a man thinketh in his heart, so is he.”

There is **nothing** more powerful than a **MADE UP mind!!!!**

Whatever is dwelling on the inside (your mind), will manifest on the outside (your material world).

A Picture Is Worth A Thousand Words

Picture This...

You've just been invited to enter a room. Once you open the door, you're amazed to see pallets of money, stacked waist-high and covering the room - from wall to wall. It is literally a room full of money. The room is 12 feet by 12 feet in size; filled with cold, hard cash. Can you see it?

Awakening the Wealthy: Developing A Money Magnet Mind

Now; See the Picture!

Awakening the Wealthy: Developing A Money Magnet Mind

The Money Picture

The picture you hold in your mind (of you and money) carries more weight than the words you speak about you and money.

Here's Why!

We think in pictures! In fact; the brain is made up of millions of cells. Each cell contains images of items that we've come to recognize. Consequently; when the word car is spoken...an image (or picture) of a car is brought to the forefront of the mind. Likewise; when you hear the words "your house", the car image is immediately replaced with an image of your house.

Develop NEW Pictures

Therefore; the pictures you have of you and money must become pictures of abundance; pictures of prosperity; pictures of financial freedom

Bob Proctor has been quoted as saying...***"The only limit in a man's life, is the limit in his own thinking"***.

Triune nature of man

Awakening the Wealthy: Developing A Money Magnet Mind

Man Is Triune...Spirit, Soul & Body

Mankind is created in the image and likeness of God; and God is Spirit - Therefore; man is **Spirit** - Genesis 1:26, John 4:24

Mankind possesses a **Soul** (it is the essence of man); it is the **Mind, Will & Emotion** of man. The Soul holds the life or death of man. Genesis 2:7, 3John 1:2

Mankind lives in a **Body** - Genesis 2:6-7

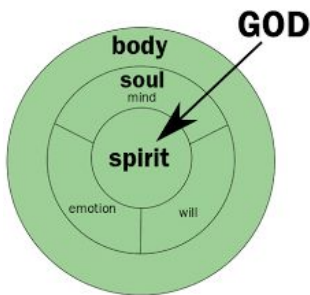

Because man is triune, he/she is always living from 3 planes (or levels) of awareness; simultaneously - The Spiritual Plane, the Soulful Plane and the Physical Plane. However; the most effective state of consciousness to live from is the Spiritual...because the Spirit of Man is the God-nature of man, and thus - is always looking to create, to produce, to increase, to reach and to express itself through expansion...not limitation!

Awakening the Wealthy: Developing A Money Magnet Mind

The **Spirit** is ALWAYS flowing to you; and through you. And; it is pure, creative power. It is always creating...whether good or bad; negative or positive. - ***Ephesians 3:20, Deuteronomy 30:19***

The Spirit influencing is always influencing the soul.

The **Soul** is the dimension of man that determines the results of man's life. The Spirit is ALWAYS influencing the Soul; but the Soul has the ability to accept or reject the Spirit's influence by the information the conscious-mind chooses to embrace - ***3John 1:2***

The difference between success and failure in life, is the information one chooses to receive, believe and conceive...in the Soul.

The **Body** is a manifestation of the mind (both conscious and subconscious). Thoughts determine actions. Actions determine results. The body's results are merely a reflection of the mind's thoughts. Change your thinking...you change your being! - ***Prov. 23:7***

Your Mind & Money's Relationship

- Understanding the Mind...And How It Functions

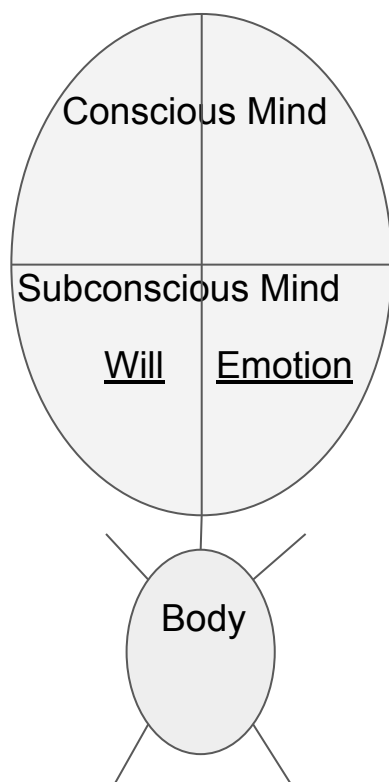

Early on, we defined the mind as - *The totality of conscious and unconscious mental processes and activities.* Stated another way; the mind is a vault that captures and filters thoughts (it holds some and releases others) and then creates and attracts WHATEVER thoughts are allowed to exist as dominant.

- Matthew wrote...***"For out of the abundance of the heart the mouth speaks."***

- The Conscious Mind is where man processes information; selectively.
- The Conscious Mind has the ability to reject or accept information that it receives; the Sub-Conscious Mind does not.
- Any information that is repeatedly and continuously received into the Conscious Mind, will eventually become fixed in the Sub-Conscious Mind.
- The Sub-Conscious Mind trusts; explicitly, everything the Conscious Mind feeds it.
- The Sub-Conscious Mind determines the results that are achieved in a person's life.

Awakening the Wealthy: Developing A Money Magnet Mind

The body is merely the reflection of the mind. Whatever ideas, thoughts or concepts are being held in the Sub-Conscious Mind, will inevitably manifest in the world around you.

The early Greeks referred to the Sub-Conscious Mind as the Heart.

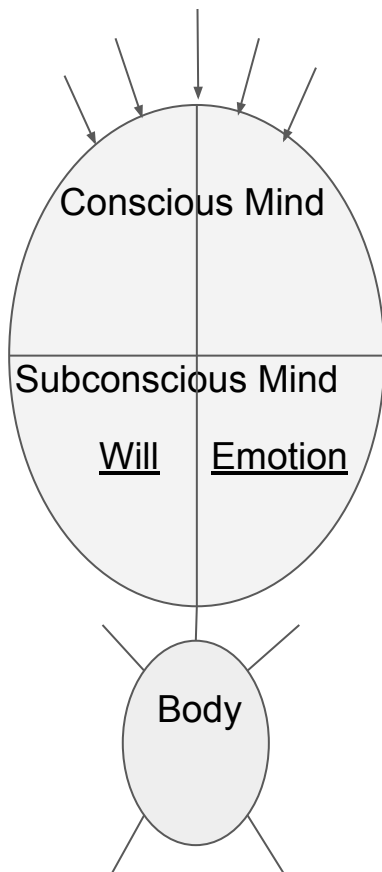

Solomon said... ***"Guard your heart above all else, for it determines the course of your life."***
- **Prov. 4:23**

The body **can only** produce in accordance with the mind's imagination. As the mind goes...so goes the body! **2 Cor. 10:3-5**

Old Money Mindsets

Many people are living from what I like to call “Old Money Mindsets”.

The arrows represent the information that is fed into the Conscious Mind - “Old Money Mindsets”. Mindsets that suggested:

- 1). Money doesn't grow on trees
- 2). Money is in short supply
- 3). Only the wicked get rich
- 4). You have to do someone wrong to get rich
- 5). No one in my family has ever had money...so I won't be any different
- 6). Being wealthy is a matter of luck
- 7). There's not enough money to go around
- 8). Money is evil
- 9). Wanting to be rich is a sin
- 10). You can't get into heaven being rich

*****Whatever is continually fed to the Conscious Mind, becomes fixed inside the Sub-Conscious Mind. And therefore becomes reality!***

If Money Could Talk by Greg Habstritt

A Powerful Perspective You've Never Heard Before - "If Money Could Talk"

Most people think they know me. They don't.
I am not what most people think I am.
I am not the paper in your wallet, or the coins
that jingle in your purse.
I am not quietly sitting in your bank account,
hoping to be used one day.
You cannot see me, feel me or touch me
I am an idea. I am energy. I'm neither good nor
evil

I am only what you decide that I am, and I fulfill
the role that you create for me.
I don't care how smart you are, where you live,
what you do, or where you come from.
All I care about is your energy.
Your energy decides what thoughts you have,
and therefore your thoughts will determine the
relationship you have with me.

I have very simple needs, and simple rules
I am infinite.

I have no limits, except for those you place on
me with your mind
There is no limit to the energy in the world, and
because I am simply energy, I cannot be
restricted or controlled.

I crave abundance

I am attracted to those who think without
restrictions, who like to think big.
When you believe there is enough of me to go
around, I am naturally magnetized by that
thinking.

I despise scarcity.

Because there is no limit to me, I avoid those
who think from win/lose or scarcity perspective.
Those who believe I am in short supply, or
difficult to receive, will find that very reality,
because I choose to avoid those who think small

I love value.

What magnetizes me most is the creation of
value in the universe.

I move to places where value is created, because
creation is energy.

If you wish to attract me into your life, focus on
creating value for others, and I will appear.

I avoid entitlement and complacency.

No one 'deserves' to have me, and I am always
moving to the place I am most respected and where
value is created.

It has nothing to do with fair

Those who take me for granted or become complacent
with my energy will find me gone.

I only have one job, and that is to serve you.

It is a matter of energy and value creation.

My purpose is simply to move to where I am attracted
most, and where I can grow.

My one goal is to replicate myself.

Because there is no limit to energy, my purpose is to
reproduce and grow, in order to bring more energy to
the universe.

I am created and replicated through value creation.

I am an energy of evolution.

The message for you should be clear.

Those who create value for others in the world will find
me in their lives.

I am whatever you believe me to be.

So what you believe about me can make you
miserable, or what you believe can enable you to
perform miracles.

I'm neither positive, nor negative.

I am what you decide I am.

If you fear me in any way, I can crush your ability to
survive.

If you get to know me, I can make your life flourish and
your dreams come alive.

I can be your master, or I can be your servant.

I am only what you make me.

So, the relationship we have together will be
determined by you.

Isn't it time we got to know each other better?

Awakening the Wealthy: Developing A Money Magnet Mind

Money-Magnetism Begins With A Definite Desire!

Definite - Clearly defined or determined

Desire - To wish or long for; to crave; to want.

Napoleon Hill, in his book - *Think and Grow Rich*, describes desire as “**the starting point of all achievement**”

An important key to attracting money in abundance is...living from one's desire. Desire is so pivotal, that Jesus says...**“what things soever ye desire, when you pray, believe that ye receive them, and ye shall have them.” - Matthew 11:24**

Remember; a definite desire produces a passionate pursuit; and a passionate pursuit results in the possession of that which is desired.

***It's been stated that 85% of all Americans are doing a job that they hate doing**

Too many people are living lives of passivity, because they are pursuing that which they **don't** really **desire**.

Desire is the feeling you experience when the vision of your successful future becomes real in your mind...today!

Desires are the seeds of fulfilling futures

Desire is a want that is *STILL* with you, years after you've failed to achieve it.

So; what is your definite desire?

Financially...

Self-Image Is Equally As Important As Desire!

Because of limiting defaults that are set in the subconscious mind.

*According to Dr. Maxwell Maltz, in his book Psycho-Cybernetics, each of us; whether we realize it or not, carries about with us a mental blueprint or picture of ourselves. It may be vague or ill-defined to our conscious gaze. In fact, it may not be consciously recognizable at all. But it is there, complete down to the last detail. This self image is our own conception of the “sort of person I am.” It has been built up from our own beliefs about ourselves. But most of these beliefs about ourselves have unconsciously been formed from our past experiences, our successes and failures, our humiliations, our triumphs, and the way other people have reacted to us, especially in early childhood. From all these we mentally construct a “self” (or a picture of a self). Once an idea or belief about ourselves goes into this picture it becomes “your truth”, not “the truth”, as far as we personally are concerned. We do not question its validity, but proceed to act upon it just as if it were “the truth”. This self image becomes a golden key to living a better life because of two important discoveries:

- (1) All your actions, feelings, behavior - even your abilities - are always consistent with this self-image
- (2) The Self-image can be changed

Image Recalibration

As important as desire is to the money-magnet mindset process; Image is equally as important. After all; how you see yourself will have a lasting impact on the desires you ultimately have. The world is endeavoring to change your self-image...contrary to that which God created. It is imperative that you recalibrate your self-image; in order that you would see yourself properly. You are royalty...not a Pawn!

The X Factor of Success...Goals

The difference in success and failure, in any endeavor in life, can be richly impacted by one thing...Goals.

But; what is success? Earl Nightingale defined success as *“the progressive realization of a worthy ideal”*

Whenever you determine what it is you want to do; and then you consistently perform the necessary acts to achieve it...you're a success.

- A success is the auto mechanic who is repairing automobiles because that's what he or she wants to do.
- A success is the woman who is a home-maker because she wanted to become a home-maker and finds complete joy and satisfaction doing it.
- A success is the individual who owns the clothing boutique because that was their dream.
- A success is the entrepreneur who starts their own company because that was their burning desire; that's what they wanted to do.

Success is the deliberate pursuit of a predetermined goal; because that's what you wanted to do.

Rollo May, in his book called: *“Man's Search for Himself”*, wrote *“The opposite of courage in our society is not cowardice - it is conformity”*. Only 5% of society truly experiences success in their lifetime, because the other 95% - CONFORM. Conformity is simply...people acting like everyone else, with no clear understanding of why; and no knowledge of where they are going. Simply put - Goalless!

Paul, the apostle wrote - “Be not conformed to this world; but be transformed by renewing your mind.” Be willing to go it alone. Determine to know what you are doing, why you are doing it; where you are going, and what actions will get you there. In other words...Set Some Goals!
